

BEN: Hello, listeners! Welcome to our latest podcast! Interestingly, nothing interesting has happened since our last one. Usually James does something demented but not this time, it would seem! James, is there REALLY nothing crazy you've done, recently?

JAMES: Just ordered a few pizzas. No biggie.

DAN: Come on. You nearly got a million people killed or something nuts, didn't you?

JAMES: How did you know about that?

DAN: What?

JAMES: Oh, you were joking?

DAN: Eh?

BEN: What have you done, James?

JAMES: Nothing! Jeez!

DAN: James, there's a funny atmosphere in here, now...

BEN: You're scaring us...

JAMES: If there's a funny atmosphere in here, that's Dan.

DAN: Look me in the eyes and say you didn't nearly kill a million people.

JAMES: ... No...

DAN: Why??

JAMES: Because it's stupid! How am I supposed to kill that many people??

BEN: He's got a point.

DAN: You really just got some pizzas?

JAMES: Yip.

BEN: Great! Now last podcast, I promised to talk about Lego, so...

DAN: (Interrupting) You know how James is afraid of caffeine, because it makes him go mental?

BEN: Yes?

DAN: Let's force him to drink some coffee and see what happens...

JAMES: NO!

BEN: That should be easy enough to do. I'm sure there are at least some staff out there, who are listening in... HEY! LET'S GET SOME COFFEE IN HERE!

MAN FROM OUTSIDE THE ROOM: (Heard faintly) Righto! You can have the one I'm drinking now!

JAMES: Make me drink coffee and I swear to God I'll kill you.

(A DOOR OPENS)

MAN WHO WAS OUTSIDE: Here you go Ben, should be pretty funny...

JAMES: You're dead.

DAN: Getting him to drink it will be hard. Let's just throw some in his mouth.

JAMES: I'm serious, back off!!

BEN: James?

JAMES: Wh...

BEN: HERE YOU GO!

JAMES: (Gargles)

DAN: Bingo!

JAMES: Now you ARE dead!

DAN: So... How long before you go wacky on us?

JAMES: Not till tomorrow, so joke's on you! Prick!

BEN: What's one plus one?

JAMES: Two!!

BEN: Good. So you didn't say fifty thousand...

JAMES: Ben, I'm going to hide your hay fever tablets. Then even flowers will scare you. You pansy.

BEN: Good luck!

JAMES: And Dan, I'm going to stab you.

DAN: Why are you only going to stab me??

JAMES: No, I'm stabbing Ben AND stealing his meds.

MAN WHO WAS OUTSIDE: You don't mind if I hang around here, guys? This should be interesting...

BEN: No, sit down.

JAMES: Why are you all staring at me?

BEN: We're waiting for you to go nuts. That's been made clear.

JAMES: I told you! You'll be waiting a long time!

MWWO: I bet he doesn't last two minutes.

BEN: I bet one...

DAN: I actually think he's nuts already.

BEN: Yes, I agree. You should have put money on him going mental now. You could have won a lot of money...

DAN: Damn.

JAMES: Anyway, Lego...

BEN: Good idea.

JAMES: Yes. And don't even THINK of tricking me into saying I nearly let a nuke go off!

DAN: So THAT'S how you'd kill a million people... Hang on. What?

JAMES: So Lego was invented by... ummm...

DAN: How did you nearly let a nuke go off? Who gave you a nuke?

JAMES: No, only joking.

MWWO: I heard about a plane carrying a nuke crashed, but only rumours... I don't know how James would have got hold of it...

JAMES: Right! Only rumours! Can I go, please? I don't feel well.

BEN: You have to finish this whole minutes long podcast. It's in your new contract.

MWWO: You really should be talking about Lego... We're getting more complaints...

JAMES: I always liked the Star Wars models...

MWWO: This is boring. I'll get more coffee.

(A door opens and shuts)

DAN: You're really in for it now, James.

JAMES: I didn't get pizzas for the secret services.

BEN: Ok...

JAMES: Don't call ME a prick, Dan.

DAN: Here we go.

BEN: You're hearing voices?

JAMES: Errrr... no, I was just telling him not to call me a prick.

BEN: Why did you do that?

JAMES: Dunno. Just did...

BEN: Hurry up with the coffee!

(A door opens and shuts)

MWWO: I got some Redbull...

BEN: Great!

(A can is heard opening)

MWWO: Take this!

(Liquid is heard splashing)

JAMES: YOU THREW REDBULL IN MY FACE!

DAN: I think you got some up his nose...

BEN: That'll do. So... What are your thoughts on Flat Earthers, James?

JAMES: Don't agree with them.

DAN: What about the moon landings?

JAMES: Neil Armstrong was the first man on the moon.

DAN: So your pet tortoise didn't land on the moon, before him?

JAMES: No...

BEN: Do pigeons rule the world?

JAMES: NO!

BEN: Ok. We'll wait until the next podcast for you to go crazy. You win. Here's a question: What was the craziest Lego set you've ever bought, guys?

MWWO: A cool car!

BEN: Wow, a cool car...

MWWO: Yes. Cool.

BEN: Super!

DAN: You can see why we're having difficulty coming up with material. In a way, James is a lifesaver...

BEN: James, you look troubled...

JAMES: Just anxious.

BEN: Ok. Well that's all we have time for today. I'm sure our next podcast will be absolutely fascinating. I'm genuinely looking forward to it.

DAN: Maybe we should just scrap the Lego theme, altogether?

BEN: Definitely something to ask about. Anywho... Bye!

JAMES: (Sniffles) Bye...
