

Personalised numberplates are expensive, so what do you do? You name your child after a numberplate and all of a sudden you get a personalised plate for a very cheap price! Don't worry, some plates are actually pretty cool. Ok, you mostly get plates that look like random letters and numbers BUT even those plates often sound neat if you use your imagination. This is a made up plate, but here is an example: DR54 GBB. It looks like DRSA GBB and THAT looks like Dersa Gabb and THAT whilst a peculiar name does have a ring to it. So if you have such a plate, call your child Dersa Gabb and save a ton of money! Now here are some names that have been inspired by real plates!

### **Noogie Cuttock.**

If you have this plate, I recommend raising your child to be a pirate. Doesn't Noogie Cuttock sound piratey to you? If you do raise your child to be an ancient sailor, not only will your plate be personalised your child would be very fun to be around! Ah yes, this is a Christmas monologue. How do I make it Christmasy? With a heartwarming message from Prime Minister Sexy Moon Bazooka.

SMB: Hello, I hope you are well. Crime may be everywhere but I want everyone to pull together. Yes, people keep dropping spoons with offensive messages written on them, such as 'I'm James and I've just dropped a spoon. Take it' but in this time of year, the happiest time of year, we have to forget all that's wrong in the world and get together and party! Before I go, I just want to say... peace and sexiness. :)

### **D'dig M'lay.**

This numberplate reminds me of a digger and a brick layer. A perfect name for a builder that simply has to catch on.

Here's a message from James Ziegler and the Dominant Egg.

James: Ah, Sexy Moon Bazooka. That spoon could have been dropped by anyone. So to your Christmas message I say 'take it'. Take it of course, is a phrase that can be used by anyone. On the plus side, I do agree with your message of togetherness...

Egg: And I agree with your message telling the world to party!

James: Great! Wooohooo!

Egg: Yeah, I agroooeugh with yerrrrrr messarrge...

James: Oh no, he's drunk again. Charlie! We're all worried about you!

Egg: Don't beeeeeeeeeee..... :(

### **Cookster Razoof.**

A name for a chef who raises the roof. A super fun name, but work orientated, too. I wish all chefs could be Cookster Razoofs...

Here's a message from Wendy Roland, the sexiest egg in the world...

Wendy: Charlie! You need to turn your life around! If you can do that for me, then maybe... Maybe we could be the most famous egg couple of all time!! :)

Ah, that was nice. Who knows, maybe Wendy will marry Charlie Baldwin, making her Wendy Baldwin! That would be a heartwarming Christmas, wouldn't it?

### **Kamikaze Popo.**

The kamikaze police? Yeah, I guess people who fly planes into people do need to be policed! A bit of a random profession now the 2nd world war has ended, but if there are any veterans in their 100s now who don't know the war has ended and is considering being a kamikaze pilot... well, good luck with the kamikaze police around.

Here's a message from Charlie Baldwin's agent!

Agent: Charlie, you know everyone is concerned about you! Wendy is really concerned about you. You know... there's every possibility you and her could end up becoming the egg version of Posh and Becks! Think about it... Oh yes, and Merry Christmas!

### **Bebe Real.**

Wow Bebe Real, the name of someone who simply can't lie. That's exactly what the world needs!... Unless she's planning on being a spy, then she'd be a rubbish secret agent. Unless maybe she could spy on people with her lips glued shut? Sounds kinda weird...

Now here's a message from Dan!

Dan: James, as it's the festive period, it's time for your gift. Can you guess what it is? I'll give you a clue, it explodes. You know where I'm going to put your gift? I'll give you another clue, you live in it.

Now here's a word from my sponsor!

Sponsor: This is Timmy's TNT! Tired of Dan and James arguing and saying the same kind of stuff over and over again? Well, maybe Dan or James or both will be jailed in mysterious circumstances following explosions?? I, Timmy, the CEO of Timmy's TNT will never be jailed however, as I only deal my products to professional and highly trusted demolition companies. And of course, the rest of the population. :) Buy Timmy's TNT!

### **Nuzo Husky**

Ah, someone called 'Nuzo' with a husky voice. Who is Nuzo? There's a writer called Nuzo Onoh. Does she have a hoarse voice? If so, very fitting. If not, it's one of the

weaker plates. Of course I will not be emailing the writer and asking if she has a hoarse voice. I'm sure she has a lovely voice, the email would just be random and inappropriate.

Here's a message from James!

James: Get lost, Dan.

### **Luriger Guppy.**

I don't know what a luriger is, but a guppy is a fish. A lurking fish? Luriger Guppy is bit of a creepy name for a child, but it's not QUITE as bad as Lurking Fish.

Now a message from the SRK!

SRK: No fish is as creepy as me! And I'm on the loose! Fear me, Sexy Moon Bazooka! Also, merry Christmas! Fish love Christmas too! To quote The Simpsons, Merry Fishmas! Also...

No, I'm going to have to cut him off there. A murderous fish who plagiarises, too? My word. Awful person/fish.

### **Deegib KFC.**

The world's silliest chicken. Would you be interested in buying Deegib chicken or would the name alone put you off? It is very easy to get food poisoning from such a food, so yeah, would you trust a guy name 'Deegib' cooking it? I wouldn't.

Now a message from someone I've only just heard of!

Deegib: Hello. I actually am a very careful cook. I'm sorry if you find my name to be silly, but I am hugely respected in the culinary world and my chicken dinners are legendary. I'm best friends with Frank Zappa's children Dweezil and Moon Unit and am equally as intellectual. Good day.

### **El-Bob Fodge.**

This one is a Hispanic name meaning 'The Bob Fodge'. What is a fodge, you ask? No idea.

Now here's another message from Sexy Moon Bazooka!

SMB: How dare you say Deegib KFC and El-Bob Fodge are silly names?? All my life I've put up with people like you treating me as I'm somehow strange simply because of what I'm called! I save the world from criminals time and time again and all people comment on is my name! Well I'm sick of it! I dream of being called 'Ben' but all I get from people is 'Sexxyyyy' whispered over and over again!

Captain Mental: Here, here! Sexy is the best damn Prime Minister the world has ever known and I won't tolerate people calling me 'mad'! I try! Yes, I have imprisoned

people not driving over 500 mph and it has been pointed out it's not even possible to drive at such speeds, but if that sounds crazy to you then... well call me crazy! Good day!

### **Leftie Jujitsu**

Great, a fighting style just for people like me!

Here's more from the Dominant Egg, and Egg known for fighting...

Egg: Wendy? Is that you?

Oh that's enough from the egg, it's weird.

### **Fazzy Pax.**

Like regular packs but more fazzy! I don't know what that means, even though I said it, so I'll move on with a message from Philip the Angry Gerbil.

Philip: You were right to be mad at the fish SRK, I'm mad too. Come back here and take your punishment like a fish! Me and the gang are locked up whilst you go free?? Oh I'm a REALLY angry gerbil!

Do you have anything festive to say?

Philip: Yes, merry Christmas!

Simple, but effective. Well done Philip, I think he's on the road to reform! Especially with this country's legendary if wild justice system!

### **Edge-go Cookso.**

This time we have a chef who tells edges to go away. Why would he do that? I guess they're pointy, you can cut your finger on one! An excellent name for a child if you want him or her to be very careful and health conscious.

Now here's a message from Henry the Sneaky Salmon!

Henry: Come here, SRK. Why do I want to meet you with potatoes and tartar sauce? Completely harmless reasons! So please... hand yourself into the police. Yum yum. Oh yes, and of course... Merry Christmas!

### **Doiygee bowel.**

This one sounds like a serious medical complaint. Why you'd want to name your child after that, I have no idea. Let's ask Dr. Tube for his thoughts on the matter...

Dr. Tube: Oh, doiygee bowel is a very serious condition. Think constipation but times a thousand. Therefore it is an extremely inappropriate name not just for a child but for anyone. Apart from maybe someone who hasn't gone to the toilet for a few weeks

or so. Then it's actually rather fitting.

Thank you for clearing that up.

Dr. Tube: No, thank you. Happy holidays!

**Libza Dibby.**

This is a fun one, I think. Completely meaningless, but an excellent way to end this Christmasy numberplate monologue! Can we have one last word from James??

James: Merry Christmas!

Wow, that was beautiful! Completely out of character and that's fine! Byeeeeeeee!!!!
