Now let's find out what your score means!

0 points: You don't have BDP, despite me saying everyone had it, earlier! I am so embarrassed!

1 - 5: You're a bit needy maybe, but not mental.

6 - 10: You're mental.

11 - 20: You're criminally insane to the point you'll never see freedom again. There is no hope for you.

21 - 35: You're going to have to spend your life in solitary confinement, I'm afraid.

36 - 38: Your solitary confinement will be extra, extra secure, you'll have to live in a glass box where you can be monitored at all times.

39 points: You'll need to live in a glass box and 10 snipers will be aimed at you in case you try something dodgy. It's not good at all. Fortunately such a case is very extremely rare. :)
