INT. PADDED CELL - DAY

All walls, the floor and roof are made from white cushions. The lighting comes from a bright, square fixed to the ceiling. The door is also padded. An EGG furiously rams into the walls over and over again. The door opens to reveal a FISH in goldfish bowl on a trolley that gets wheeled into the room by a FEMALE NURSE (30) who quickly leaves and shuts the door behind her. The EGG continues ramming the wall.

FISH DOC

You're not well, Charlie. Why are you acting this way?

The EGG stares through the FISH'S soul.

CHARLIE

(coldly)

... What's it to you?...

The image freezes as a NARRATOR speaks in a dramatic voice.

NARRATOR

This Christmas, experience a dark crime drama with soul. A profound all stars adventure that will warm your heart in this cold time of year, featuring Charlie Baldwin as The Cold Egg, Henrique Aubert as The Fish Doc, and James Ziegler as Charlie's best friend.

CHARLIE sighs.

CHARLIE

I'm not saying a word until I see James again. He's the only one who really gets me. You're just a fish.

FISH DOC

We've been through this, he's a bad influence on you! You don't get any weird feelings around him? It's just that most people and eggs sense something wrong is immediately.

CHARLIE

No.

The EGGS rams into the FISH DOC'S face.

INT. JAMES'S CELL - DAY

Here, a bed is by the side of the left wall and a desk with a chair is opposite it. A mirror is above the desk.

JAMES wears a pink dress, has a red dot tattooed on the tip of his nose and has the words 'go away' written on his forehead in pen. He sits, staring at his reflection with no expression. Knocking on the door is heard.

JAMES

Come in.

The door opens to reveal the fish wearing an eye patch whilst in a bowl on a trolley, wheeled by the same NURSE. She leaves the room and shuts the door behind her. JAMES continues staring at the mirror.

FISH DOC

You need to leave your room. You can't live your life this way, you need to face the world again. Be the James we all used to know...

JAMES

(darkly)

Not without Charlie.

FISH DOC

James, Charlie is the UK's most deranged foodstuff. He isn't right. I know you don't see that side of him, but you're not getting involved with him ever again. Unless of course both of your health starts to improve.

JAMES

I'm unwell because I believe me and my reflection are two different people? I'm James, but the man in a mirror isn't really King Nigel of Scotland the Fab? I've heard it all before.

The image freezes again.

NARRATOR

Will Charlie and James ever get better or will they team up once more and defeat or rather 'reclaim' the whole of Scotland for good?

JAMES stares even harder at his reflection.

FISH DOC

You don't seem to understand that you can't defeat Scotland, no matter how many people or eggs you team up with. I'm Le Poisson Militaire and if anything, Scotland is mine!

The image freezes a further time.

NARRATOR

I bet you didn't see that one coming, did you? Trust no one. What it is with Scotland? You'll have to find out when the film is released. An Egg Served Cold, the most acclaimed psych-action drama of all time!

JAMES frowns.

JAMES

YOU'RE Le Poisson Militaire?

FISH

The very same. Look, deep down I'm a kind fish. Maybe if you don't tell anyone about my plans for defeating Scotland, you and Charlie can be friends, again?

JAMES turns to the FISH.

JAMES

Is that a fact?...

INT. PADDED CELL - DAY

JAMES and CHARLIE are alone and facing each other in the cell.

JAMES

Charlie it's so good to see you...

CHARLIE

Likewise...

JAMES

Look, I don't mean to sound rude, but forget the pleasantries for now. That fish doctor isn't who he says he is, it's all an act! It's planning to defeat Scotland! That's our country!

The image freezes once more.

NARRATOR

Again, what is it with Scotland? You know what I think it is? Nice mountains! But find out for sure this Christmas! An Egg Served Cold, best film ever!
